

# Paper Cup Village

**Materials**  
 Paper cups  
 markers  
 paper for roof  
 scissors  
 glue or tape

First decide what kind of village you would like! Monster village, animal, fairy anything you like! color the cup with doors, windows and gardens. You can cut the door if you like so it can open.

For the roof, trace the outer edge on colored paper, and then cut a circle an inch bigger than the tracing. Cut along the radius and roll into a cone. Make adjustments and secure the edge with glue or tape. Attach the roof with tape or it can just sit on the cup. Create a background and have fun with your village!

Use leftover paper rolls to add people, or animals or monsters to your village. Use the markers and construction paper to create them!

# How to Make a Yarn Pom-Pom

Use the pom-pom to make an animal or flower for your village. Here is a fun yarn animal...just make the yarn longer to make this! Use the googly eye stickers for this!

## How to Make a Clothespin Animal

Create any shape or animal you like using construction paper or any paper or cardboard material you have. Cut it in half. Glue each side onto the clothespin, making each side match. Add a special treat you will see when you open it! Have it match your village, or use it on its own.!

## Corks

We've put a couple of corks in your Kit. Make a butterfly with them for your village, or use them as trees or bushes or flowers or more fun people or animals for your village!
